AKIHITO YOSHITOMI

「EAT-MAN」は、
現代の過激な
異端を材にした作品を、
離れた両面からの愛憎が込められている。
そこに若い読者は共感するのだろう。
作家の愛憎が、
新しい境地を開くことを
読者は望んでいる。

ACT-72 DIET

Hey! I only had
ONE of those
screws!

...tastes
nasty.

...the gun
could ma-
nifest with-
out it.

Unfortunately,
that was
the screw
for the
trigger...

but it was
just one
screw,
shouldn't
cause any
problems,
right?

It was an
accident.

It was
silly.

You still
it?

...but I'm
not like you! I
can't manifest
it out of my
hand!

Take it
out.

In other
words, he
needs
to...

The only
way I can
do it is...

You...
you're
telling me
to take it
out...?

The game*
this time is a
beautiful
female
adventurer!!

Wh... wh...

Listen up
everyone!

**WHY IS
YORI IN
A PLACE

THAT!?**
?

Because
she's an
adventurer
searching for
mysteries*.

*And logically she stopped in to try
to solve this one but ended up

They're
tender!

Get
them!

Daniel

I don't have
any strength
when I'm
hungry!

Will Bolt
save them?

No, wait a
minute...so
what if I
got the
screw out?

That ain't
right...

...with this
I might be
able to
dump that
screw!

Can't fight
with an
empty
stomach...

Hey!

Don't
let
them
escape!

After
them!

Uh... to tell
you the
truth...I'm
against it.

I never
imagined
you would
become an
adventurer...

I can
assist
you, it
wouldn't
be a
problem.

But if you
really want to
become an
adventurer,

Eh!?

Why are you
still fat?

I know
what
you're
trying to
say...

... it's
alright,
Dad....

Ho
ho!

Dad...
why...

I just
thought
that it's
nice to eat
less once in
a while.

I wonder how often you actually brought up EAT. MATH was just the bottom line, but the rest is where it got most ugly. It was incomplete at the time, so I thought it would just make further comparisons that I had already done. You just returned from the city, if you had said that, could I have chosen that and not decided to translate the rest. Looked to the store and brought the rest was complete. It's kind of funny, actually, just buy up the wrong things I had wanted to and buying the complete set, but the translator. Anyways, hope you enjoy this translation, and please give us feedback.

I was the high one, and the one. The person, a few years back, and was in good of the concept of such a good character that could get stuff and later with a lot of his/their. I wanted the money? But I couldn't find it. ~~ANYMORE~~ After a long while, I found it on EAT. When that was too far from satisfying that, then I created it myself and needed it. All was well until I was told it was incomplete. ~~INCOMPLETE~~ It's almost like I found that I was asked to be the thing I was looking for, and I was looking for a person who said he was looking for the translator that was my best friend. I stepped up to the other side, but then I was the one who asked for the English that was the Chinese was given, and when it was done, just translated. Nothing was really in my mind. In the end it was me, I had all of them, a nice and useful guide of them, and a little bit of photo-shooting stuff. In some up this, it's where they are and it's available to be used in. Anyways, enjoy the things that the friends are doing I guess will be taking up the things, more family.

Bolt....

Bolt Crank.

I will introduce him later, first comes the mission briefing:

the client is NRW weapons manufacturing co.

A new guy!

Among the data she's stolen is a blueprint for a weapon capable of destroying an entire planet.

A female spy named Remu escaped after stealing NRW's top secret data.

Luon,
do we really need four people to capture a measly little girl?

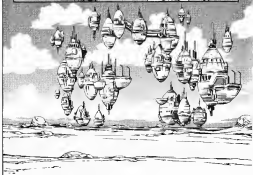

If that's the case then we really don't need four people.

Our goal is not to capture her, but to eliminate her.

Mimui!

"Whiff"

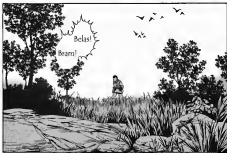

If that's the case then come to the "ZONE".

You're here to eliminate me?

A hologram!

Hi there
...

I'm so happy,
Luon....

Didn't think you
would come and
visit me.

It's hard to
walk in this
place.

Can't help it,
too many dead
people want to
see you.

this kind of
terrain bears
the safest
route.

Crap! Leon
is....!

Mama is
visible from
here.

Look, here
we are.

Er?

Isn't your job to eliminate me along with the data?

Surrender NOW's data.

You even betrayed me....

Can't believe you're that kind of person, able to betray your partners indifferently.

Give it to me!

Don't be stupid, NOW's data is more valuable.

In the past... I loved you so deeply! and I was serious ...

but why did you...?

That's right... I just never thought you'd be acting in the "ZONE"

That was quite a surprise.

...killed me...

That's it! I
don't have
time to waste
on you!

Hurry up
and give
me the
data!

Because I
had affairs
with other
women...

Gaaa...
ahh!

Thanks for
taking the
trip here...

I really
wanted to
chat with
you a bit
more...

Eurydice.

No!
Don't!

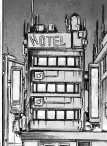

Ugh... I feel dizzy...

It's as if his consciousness was taken away by the "ZONE".

What's gon' on?

What did
you want
to talk
about?

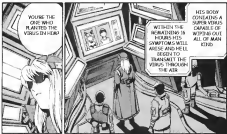

But it
doesn't
matter!

I DON'T KNOW
HOW LONG IT
WILL TAKE

THAT.

ALTHOUGH
IT'S HIGHLY
